

CEVA LOGISTICS | Temporary Storage

Our CFS at your service

Thanks to its Container Freight Stations strategically located, CEVA Logistics offers temporary storage solutions to store your Asian production at low costs.

Our Solution

Our Container Freight Stations are warehouses dedicated to ocean export or import, strategically located next to ocean terminal and container depot

- Bonded and non bonded solutions
- Our temporary storage solutions are available immediately in all our Asian CFS, with no carrier booking requirement
- Our bonded CFS enables VAT refund upon inbound
- A wide range of value-added services such as kitting, pick and pack
